Briefings by

25X1

1. [redacted] proposes three briefings, two on Thursday afternoon, 3 December and one Friday afternoon, 4 December. He suggests the first briefing on 2:00 p.m., Thursday, to be non-mathematical intended for interpreters and others interested in operation of the Enhancement Viewer. The second one Thursday at about 3:30 p.m. would be mathematical and intended for the benefit of those who would like to know the theory of the equipment. The briefing on Friday to be non-mathematical intended to present the equipment to prospective users outside the building.

25X1

2. I suggest all three briefings be held in the 6th floor conference room as he would like a blackboard. [redacted] anticipates the briefings to be approximately one hour. I am leaving the notification of the parties to you.
